

April 2006

Dear Mechanical Code Purchaser:

This packet is a new Chapter 12 to add to your 2003 Seattle Mechanical Code. The complete Seattle Mechanical Code consists of the 2003 International Mechanical Code, amendments adopted in 2004, and this chapter.

This chapter is almost identical to Chapter 12 of the 2003 International Mechanical Code. The only differences is that the names of the locally-adopted Energy and Plumbing codes have been substituted for the International Energy Conservation Code and International Plumbing Code.

If you have any questions, please call DPD's Technical Codes Unit at 233-3892.
